ABOUT COMPANY

Zepto is one of India's leading quick-commerce platforms, delivering groceries and essentials through a network of dark stores. The business depends on accurate pricing, strong vendor partnerships and efficient inventory planning to support fast delivery. This analysis helps Zepto understand product trends, pricing behavior and sales performance across its catalogue.

The Zepto logo is displayed in a large, white, lowercase sans-serif font. To the left of the logo is a large, stylized illustration of a milk carton with a blue band and a white drop icon. Below the logo is a 3D illustration of a delivery person wearing a pink helmet and a purple shirt, standing next to a yellow scooter. A purple delivery box with the Zepto logo is mounted on the back of the scooter. The background is a dark purple gradient with faint, stylized illustrations of mountains, clouds, an avocado, and some streaks of light.
